

## KIOXIA SSD End of Life Notification

Dear Valued Customer,

The BG4 Series of PCIe SSDs, utilizing BiCS4 NAND technology have demonstrated superior performance, quality, and reliability for which KIOXIA storage products are known. As part of normal business procedures, when new SSD models are introduced, previous models may be discontinued. This letter provides official written notice of KIOXIA's intent to discontinue shipments of the following part numbers by September 31, 2022.

### EOL Schedule
