

# Product Discontinuation Notice for Selective FFV, FBV and SBV Device Packages

XCN20011 (v1.0) September 28, 2020

Product Discontinuation Notice

## Overview

The purpose of this notification is to communicate that Xilinx® is discontinuing selective FFV, FBV and SBV packages for Virtex®-5, Virtex®-6, Virtex®-7, Artix®-7, Kintex®-7 and Zynq®-7000 devices. This product discontinuation notice (PDN) is to streamline duplicate product offerings to customers since packages are fully compatible with FFG, FBG and SBG package products.

## Description

Xilinx has fully transitioned to supply lead-free flip chip products denoted by the package code FFG, FBG, SBG ("G" packages) that comply with the European Union's RoHS 2 directive (2011/95/EU) as stated in the product change notice released in 2016 (Refer to [XCN16022](#)).

Therefore, these selective part numbers will be discontinued with replacement parts as shown in Table 1 through Table 6.

This notice should be used in conjunction with previous discontinuance notices which can be found at [Xilinx.com](#).
